

# Invitation

Want to learn more about how we're working to improve the health of your local waterways and beaches by reducing wastewater overflows?

Join us at a drop-in session to talk about our next Wastewater Network Strategy – a document on how we plan to improve the performance of our wastewater networks over the next six years. We want to include the voice of the community in the strategy. What do you care about most? Are there opportunities or issues in your area that we're not aware of? Please share your thoughts and insights with us.

**Saturday 5 November 2022**

**10.00am – 2.00pm**

**Newmarket Playcentre – 2 Hapua Street, Remuera  
Auckland**

## Highlights will be:

- A chance to discuss the strategy and proposed works in your area
- Learn more about the benefits of the strategy to you and your community
- A chance to ask questions and provide feedback

**We look forward to seeing you on Saturday 5 November.**
